## Books

### Violin Lessons – by Arnold Zable \$29.95

Music weaves its way through each of these spellbinding stories. Each tale, each fragment of music, leads to Amal, the woman who saved her life by clinging to a corpse for twenty hours alone in the sea. Arnold Zable takes the reader on an intimate journey into the lives of people he met on travels over the last forty years. These are tales aching to be told. Tales of hardship, of yearning and of celebration. Tales that span the globe, and bring us back to Melbourne to the powerful and heartbreaking story of Amal - her flight from Baghdad, her fears boarding the unseaworthy SIEV X, her survival when it went down, and her desire to have her story told.

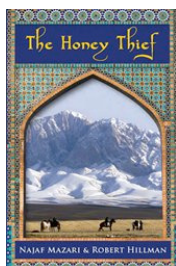

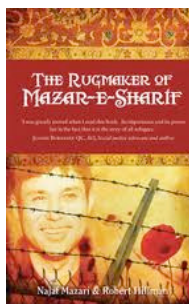

### Café Scheherazade – by Arnold Zable \$23.95

Café Scheherazade is a compelling meditation on memory and place. The novel traces the stories of the survivors of war in eastern Europe, following their journeys from their homeland to refuges around the globe. Through intertwining narratives Zable reveals much that cannot be destroyed by war and hardship—the integrity of the self and the ability to maintain a rich culture in the face of profound dislocation.

### The Rugmaker of Mazar-e-Sharif – by Najaf Mazari & Robert Hillman \$25.00

*The Rugmaker of Mazar-e-Sharif* traces an Afghani refugee's extra-ordinary journey – from his early life as a shepherd boy in the mountains of Northern Afghanistan, to his forced exile after being captured and tortured by the Taliban, to incarceration in an Australian detention centre... and finally, to freedom

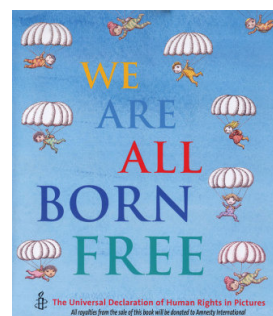

### The Honey Thief - By Najaf Mazari & Robert Hillman \$24.95

A superb collection of spellbinding tales from Afghanistan that portray a vivid landscape of hardship and brotherhood, catastrophes and miracles. These tales of peasants, poisoners and kings leap into life to reveal the rich storytelling traditions of Afghanistan.

### We Are All Born Free - \$12.95

The Universal Declaration of Human Rights was adopted by the United Nations General Assembly in 1948. Compiled after the horrors of World War II, its purpose was to state and protect the rights of all people.

This beautiful commemorative edition celebrates each declaration with an illustration by an internationally renowned artist or illustrator. A testament to freedom and the human spirit, it is a thoughtful gift for children and adults alike. *We Are All Born Free* is published in association with Amnesty International.

## Give the ASRC the gift of financial sustainability – become a regular donor

Your pledge of \$40/\$25/\$15 per month (or more) will help to continue the vital humanitarian work of the ASRC throughout the year, which is 95% funded by generous members of the community just like you.

'When I founded the ASRC back on the 8th of June 2001 I started with a simple vision at the time. I wanted to create a place of hope and welcome, where no one was turned away. A centre that stood for justice and that was willing to be at the coalface when and where it mattered for people. Where dreams of freedom burned brightly in the hearts of all who entered.

Many years have passed since and some great changes have been achieved; yet there is still much work to be done to create true equality for asylum seekers. I ask you to join me in this journey. A journey where by you just opening up your heart and offering your hand in support and solidarity can change the world'.
