What is the Asylum Seeker Resource Centre?

The ASRC is the largest provider of aid, advocacy and health services for asylum seekers and refugees in Australia. Our team of 700 volunteers work directly with over 3000 asylum seeker both living in our community and in detention, to provide direct aid and support as they seek refugee status in Australia. We also campaign and lobby on behalf of asylum seekers and all Australians who want to change the asylum seeker and refugee-related policies Australia has adopted.
